wine @haepinest

_production: in harmony with nature, spontaneously fermented, unfiltered, unadorned, un- (or minimally) sulphured wine. flavors: with different soil, grape varieties, vintages, mash times, storage etc. every bottle becomes an exciting one-of-a-kind & true representation of region - beyond classification and bogged down expectations.
_drinking temperature: against convention possible from chilled to room temp.
_current offering (with focus on austria): ask us.

coffee @haepinest

_light roasted single-origin beans from europe's best micro-roasteries.
_current bean offering with detailed informations: see counter.
_bean selection
_espresso bean "comforting": sweet, chocolate, nutty & slight fruit notes.
_espresso bean "exciting": more complex, floral & sparkling acidity.
_filtercoffee bean: broad range of clean, distinct flavor notes.
